Fangio Lighting
905 Stanton Road
Olyphant, PA 18447

Showroom: IHFC: Wrenn Wing 251 High Point

Phone: (570) 383-1030 Fax: (570) 383-4852

www.fangiolighting.com

Dear Customer,

Fangio Lighting has been producing lighting for the furniture, lighting showroom, contract and hospitality industry for the past 40 years. We manufacture our lamps & lampshades to meet the highest standards for quality and durability for residential and commercial applications.

All our products are UL approved and tested in our facilities. Our lamps are assembled in the U.S.A., in our factory under our own quality control standards and specifications, or imported directly from China under the same specifications. We have our own office in China to manage our quality control and follow our specifications thru production.

In addition to our 30,000 SQ FT facility in Pennsylvania, we also operate a ceramic production facility in Mounds, Illinois, which has been producing ceramic and resin for over 40 years. We occupy a 26,000 SQ FT facility with the capabilities of up to 4,000 pots on a weekly basis. All together, we have over 2,000 molds.

We have a permanent showroom in High Point, NC. We also have a sales office in New Jersey and independent sales representatives throughout the country.

We can take your project from concept design to completion all under our control in our facilities. We can do priority items for you to offer exclusively. We do hand finishing as well as custom colors on all our products.

We welcome your requests and inquiries. We hope we have the opportunity to help you in the future with all your lighting needs.

Sincerely,

Martin Fangio
